EVIDENTLY EXCELLENT

Hundreds pass AMIE every year with 100% results.
Almost all ranks for AMIE; this year alone 20.

AMIE is now within the reach of even average students, thanks to VIET. One of the giants of the higher education system, with more than 1000 students and 7 engineering branches. VIET is famous for its innovative academic sessions which satisfy modern career tastes.

None of our alumni remain unemployed. They are either in highly responsible positions or are doing higher studies.

All India Ranks for Aeronautical (AMAE SI) with trendsetting results.

VIETians continue to make an impact on national examinations like SET and GATE with high scores, one of the best in India.

In short, it is evidently excellent that Visveswaraya is the best for Engineering Technology in the world.

Join this prestigious Institution of India to make your future bright as a Chartered Engineer.

After receiving All India Ranks, the rank holders along with Director Tom T. Joseph on the podium at Kolkata on 8th November 2008

A programme for the first time-ever held in which the parent-Institutions & Teachers who moulded and guided these students to VIET, to earn them all India Ranks for AMIE, were felicitated on 28th November 2008. These types of programmes are the hallmark of 'Visveswaraya'

A Solemn Occation

AMIE

The Govt. of India through Order No. F18 4/78 T7 has approved AMIE as an Engineering Degree. The full form is Associate Member of the Institution of Engineers (India)

AMAE SI

Associate Membership of the Aeronautical Society of India is AMAeSI. A pass in this examination is recognized by Govt. of India at par with a bachelor's degree in Aeronautical Engineering from any University.

Higher Studies

Many of our alumni do post Graduation in various IITs, NITs and similar prestigious Institutions of India. For more details please check www.visveswaraya.org

Branches

Chemical Engineering
 Civil Engineering
 Computer Engineering
 Electrical Engineering
 Electronics and Communication Engineering
 Mechanical Engineering
 Aeronautical Engineering (AMAEsI)
